

Wine AID

In this difficult times where people are forced to “stay home” there is nothing better than spending the night drinking a glass of a fantastic wine !

As you know most of the wine makers we import are small family owned companies which make wines with an incredible quality but often have limited financial and liquidity capabilities.

We have decided to combine these two needs in order to provide you highest quality wines at your home and at the same time trying to help these family owned small wine makers.

We have decided to launch our *Wine* **AID** initiative by updating our wine list in order to allow you to order them at **best price** and these conditions are valid till end of June 2020.

We commit to **immediately replenish the stock** we sell with the exact amount of new bottles and **to pay the producers in advance** We will be publishing on our website the amount of wine we manage to buy!

CONDITIONS: MINIMUM ORDER FOR FREE DELIVERY IN BRUSSELS AREA **150€** (tvac)
MINIMUM ORDER FOR FREE DELIVERY IN BELGIUM OUTSIDE BRUSSELS AREA **300€** (tvac)

Orders: please send email to wineaidogw@gmail.com or text/call/whatsApp +32494575627

For orders above 1000€ a further discount of **5%** will be provided.

Every order above 500€ will receive a card allowing you to buy our wines at the current prices for 12 months starting from July 1st 2020.
